an expenditure of Rs 4 crores

This is purely a municipal
function. The Municipality
is in a fine position, as
seen from the budgetary
position of the Municipality
for the year '51-52, to have
the function all carried to a
successful conclusion hopefully that
this occasion without any
additional funds from other sources.
Besides Govt. have on no
previous occasion of the kind
hitherto participated
have shared the expenditure
that is now in question
with the local Bodies.

Coming to the Hospital
Scheme, my Views of its wide
public utility, has got
interest in so many hospitals
which have come into its
fold in one way or other
Merely having interest in
an institution does not
warrant any such expenditure
on the State exchequer. It
would be the duty of the Executive
Government to make
